NUH Adult burns service is based at the City Hospital.
0115 9691169

NUH Pediatrics burns service is based at The Queens Medical Centre.
0115 9249924

What Did Nottingham Burns Services Do For Burns Awareness Day 2020?

Burns Awareness Screensaver displayed throughout our trust.

We displayed posters locally at our unit door

Burns 'safety cards' given to the general public and staff.

We had a lucky dip

We gave out on the spot prizes for every entry to our Quiz.

We gave out our burns Quiz to 100 staff members and the general public.

Data from our Quiz has allowed us to look at our burns prevention strategies for next year!!!!

We gave out five major prizes to our first five winners of the Quiz!!!!!!

WEDNESDAY 14th OCTOBER,

2020

HOW DO WE MAKE PEOPLE BURNS AWARE ?

ARE YOU BURNS AWARE?

Can you answer our Quiz???

- 1) How long would you apply cool running water to a burn injury?

- 3) How many people in the UK sustain a burn injury each year 250 /2,500/250,000 ?
- 4) If your clothes catch fire what should you do?
 - a) Slip Slap Slop
 - b) Stope Drop Role
 - c) Shake Pat Soak?
- 5) What is the most common cause of burn injury in **ADULTS?**
 - a) Flame c
 - b) Chemical
 - c) Scalds
 - d) Electrical.
- 6) What is the most common cause of burn injury in **CHILDREN?**
 - a) Scalds
 - b) Chemical
 - c) Electrical
 - d) Scalds.
- 7) What would you cover a new burn injury with ?
 - a) Butter
 - b) Clingfilm
 - c) Toothpaste.
- 8) What safety measures should we use to reduce burn injuries?
 - a) Monitor your hot water with a thermostat?
 - b) Lock away matches/ lighters / cigarettes from children.
 - c) Install smoke detectors in your home?
 - d) Avoid smoking in bed
 - e) All of the above?

Results

- 50% of respondents considered Scalds and Chemical burns to be the main cause of burn injury in Adults and not the true causative factor of flames!
- A high % of people knew to apply Cling film to a new burn injury.
- 23% of respondents were not aware to cool for 20 minutes; however 93% were aware of home safety.
- Additional data will be optimised to determine burns prevention for 2020-2021.
