## **Prevention Symposium (1) – Burn Prevention Best Practices--Success Stories and Lessons Learned/ EUR**

11:15 - 12:45 | CESTEMEA (CEST)

How to reduce the burden of global burn injury? This diverse panel of burn experts will reflect ways to reduce the burden of global burn injury including the value of accurate data collection and organizations working together toward similar goals. Speakers will present examples of successful prevention programs that have real impact on reducing the burden of burn injury throughout the world and ideas about fast track solutions toward success.
